darklocker@gmail.com

Dear Alan,

Thank you for reporting the damage that occurred to the McKinnon pavilion hired by BLAN over the past weekend.

We have viewed the damage further and have organised for repairs to be carried out. When the invoice is received from the repairer we will issue BLAN an invoice for the repairs.

Due to the damage that occurred and the way it happened it has now been decided that BLAN will need to pay a \$200 bond, this bond can be carried over for each booking. A copy of your current public liability insurance along with the \$200 bond will need to be provided to the Bendigo Show Society Secretary's office by 1st September 2009.

We have been made aware of the consumption of alcohol during your event and as this is outside the parameters of the Bendigo Show grounds hire terms such actions will require a liquor license for all future events if alcohol is going to be consumed.

It is a policy of the Bendigo Show Society that the grounds and pavilions be vacated by 11pm. If you could please ensure that you are finished by this time each night it would be much appreciated.

If you fail to provide the necessary public liability cover, \$200 bond and liquor license by the requested date your booking for September 22, 23 and 24 will be cancelled.

If you have any questions in relation to the above information and requests please feel free to contact me.

Yours Sincerely

Rod Bowles
Secretary
